Frazer, Home of the Bear Cubs, is a K-12 school. Our student population varies between 100 and 110 students, with 58 enrolled in the K-6 elementary school. Frazer is on the Fort Peck Indian Reservation in northeastern Montana, which is home to the Assiniboiné and Sioux tribes. Our students and community are Native American, primarily of the Assiniboiné culture.

Frazer is involved in a great many projects in alignment with the federal No Child Left Behind Act, in partnership with the state of Montana and other. We are proud of our students' growth, our teachers' efforts and the vision of our leadership.

We are also happy to announce that Mrs. Sonya Smoker-St. Marks has been hired to be our Character Educator.

Mission

The mission of Frazer School is to develop respectful, culturally aware citizens with the academic, social, and emotional skills necessary to maintain a successful life. Our collaborative, flexible, and dedicated staff, in cooperation with parents and community, will teach a relevant and demanding curriculum aligned with the tribal and state standards and assessments in a safe environment that is conducive to learning.

We will do whatever it takes to guarantee this promise to each and every student and family.
